Nagar Division Commrs Office

Shimoga dated 19 December 17

Dup. 27 Dec

No. 1065
Rev: 179

To

The Secretary to the Chief Commr.
of Mysore Duftar
Department

Sir,

I have the honor to forward for the Chief Commissioner's information the correspondence marginally noted regarding certain Inams included in Inargs in the Nagar Taluk, in which the Inam settlement preceded the survey settlement.

2. From the correspondence it will be seen that there are still some Inams requiring final settlement in that Taluk, which I request that the Inam Department be urged to complete as early as possible.

3. The tentative settlement of the various holdings during the last Jamabundy of the Taluk by Mr. Cunningham was a task of some

From Dy Commr Shimoga No 945-923 April 17

Inam can agree except the excess. Direction to send a list to Inam Supt.

difficulty, and will have to be renewed year by year until the Inams are completely and finally settled, on the principles which have been placed on record in this correspondence and for which I request approval.

may be allowed as a Shrotriem

4. One point however requires the decision of the Chief Commr. viz the manner in which resignations for survey numbers forming portions of wurgs containing Inams should be dealt with. The rejection of these resignations is opposed to the principles of the Revenue survey & settlement, and yet they ought not to be accepted for two reasons; first on account of the revenue which will be sacrificed thereby, for Government is pledged to grant to the Inamdars the Inam amounts assigned to them irrespective of the cultivation or otherwise of the wurgs in which the Inams have been assigned; and second on accoun-

of the confusion in the accounts, and the difficulty entailed in coming to a settlement on the subject in respect of the several wurgs year by year. I would therefore recommend that all resignations be rejected until the situation and extent of the holdings are fully defined. This is in conformity with the wurg system previously followed in this Taluk, with which the people are quite familiar. Any real cases of hardship may be met by granting remissions as is done in unsettled Malnad Talukas, but I believe that such cases will be very rare.

3. With regard to those Wurgs in which the Anandas and Wurgdars are different persons, I beg that the Asst Superintendent may be instructed to commute the Anam into cash payments in conformity with the rule laid down in the Chief Commr's Notification No 189 of the 23rd October 1873.

I think this is the only Taluk in the district

Yes - BM

This point may be referred to the Asst Commr

No 4 The Canarese statements received with the correspondence are also submitted in original.

I have the honor to be,
Sir
Your most obedient Servant

Circuit No: 9
En: 1 with Jamabandi Statement

Deputy Commissioners Office
Shimoga District
Dated 4th April 1877
Camp Channagiri

5

To

The Commissioner
Nagar Division

Sir,

I have the honor to enclose copy of letter No: 178 dated 15th ultimo, from the Assistant Commissioner of the Sagar Sub-Division and request your early instructions regarding certain points connected with the Wurg-Inam lands in the Sagar Taluk, the Inam and Sirkar portions of which are not identifiable - The Inam Department have for the present simply declared the Jari and Jodi Amounts of the Inam Comprised in the Wurgs, and also the Nature of the land, whether it is dry, wet or garden -

2. On the introduction of the Survey Settlement, however, the Survey Department sent a list to the Taluk

direct fixing their own amounts as the Jodi and Sirkar assessment to be recovered. And the Amildar made his Collections last year accordingly. But Mr: Cunningham happened to notice that the Jari and Jodi amounts of this list were at variance with the figures of the Inam Settlement, and on a reference being made to the Survey department, the list has been Cancelled and recalled.

3 In Conducting the Jamabandi of these Wavj Inam lands, this year, Mr: Cunningham has rightly ignored this list, and the way in which he has disposed of each Case is shewn in the Accompanying Statement submitted by him. From this it will be seen that when the <u>whole</u> wavj is comprised of that description of land of which the Inam is declared in the Inam register to be, the old Jamabandi and the

Jodi, if any fixed by the Inam Department are ordered to be recovered. (Cases 6 and 9 are Examples). But when the Inam is declared to be wet, and the Warg contains both wet and garden lands, the old Jamabundi of the wet land, together with the Jodi of the Inam land which is mixed up with it, is continued charging the Survey assessment and not the old Jamabundi amount for the garden land, or in other words treating the garden portion of the Warg as Sirkar (Cases 2 and 3 are Examples). The result is that Mr: Cunningham's settlement exceeds the old Jamabundi and Jodi by Rs 5 3-10-5. In some cases (Nos. 4 and 10 for instance) the Jamabundi now fixed, taking all kinds of lands in the Warg together is more than the total Survey Assessment for it, — a result on which the Inamdar has no reason to Congratulate himself and it must also be observed that the Survey Department have classified lands according to their

No 2 & 3
but 4 & 3

own Standard, whatever their qualities were supposed to be before, - So that when we now demand the old Jamabundi for the Wet land, we are not quite sure that some portion of this wet land has not been changed into the nature of garden by the Survey Department. Such a change is quite palpable in Survey No: 5, which was purely wet before but now Contains Rs 44-- - - a garden and Rs 4-12-4 dry lands - In Cases Nos. 1 and 2 it is stated that it was possible to distinguish the Sirkar from the Inam portions from the old Chitta and that therefore the Survey Assessment has been charged for the Sirkar portion treating the remaining portion as entire Inam - But I cannot see that if the old Chitta was reliable, why the Inam Department did not define the Inam land. In Case No. 4, the Jari Inam Viz: Rs 14-2-11, fixed by the Inam Department, being less than the

9 old Jari Viz: 17-15-5, the Inam for the difference of Rs 3-12-6 has been assumed to have been converted into Sirkari and this Amount also has been Charged, although the Inam department has entered no Jodi.

X

4. I request your early instructions as to whether Mr. Cunningham's settlement may be accepted, or whether, pending the final Settlement of these Wargs by the Inam Department, the old Jamabundi and the Inam Beriz should be recovered for all descriptions of lands in a Warg, whether they be of the description of the Inam or not - treating the occupants of portions of the Warg as subtenants under the Inamdar and holding the latter responsible for the payment of the Jamabundi.

5 Another point on which I solicit your instructions is the course to be followed in disposing of Razeenamahs for portions of

these Dhurrys - It appears that at the time of the Survey Settlement Razeenamahs for portions of Dhurrys were accepted, and from Case No: 5 it will be seen that the Dhurry has by Razee and Kabooli Remahs, already passed into the hands of several persons at the Survey rates and as it is difficult to say in whose portion of the Dhurry the Inam is situated, the Assistant Commissioner is of opinion that a ready money grant to the Inamdar is the only alternative left.

6. Two Courses are suggested by Mr: Cunningham, until the final Settlement of these Dhurrys by the Inam Department, either to refuse such Razee= Ramahs altogether unless the whole Dhurry is given up,

when, of course, the Inam also will be considered to have been relinquished, and in my opinion this is a plain course, or while accepting them, treat the relinquished portion as Sirkar and the remaining portion as mixed Government and Inam - In the latter case the old Jamabundi and the Inam Biriz will have to be recovered for the retained portion, but as the Biriz entered in the old accounts for the fields in a Survey is not to be relied upon it is difficult to say what proportion of the old Jamabundi of the whole Survey should be deducted on account of the relinquished portion, which will be charged with its Survey assessment - Besides, assuming that some proportion is fixed at random, Cases might occur in which the Biriz of the retained land might fall short of the

Inam Biriz and the question 12
is whether the Inam must be
held to have been given up
or reduced in amount to the
land retained.

7. It will be seen from the
above that these Wuq Inams
are a source of much Confusion
and difficulty and I request
you will urge upon the Inam
Department the necessity that
exists for their final settlement
being no longer delayed.

8. Soliciting early orders on
paras 4 and 6.

I have the honor to be

No 178

1st Assistant Comr's
office
Sagar Sub Division
Camp Sirab 15th March
Despatched 28th March 77

To The Deputy Commissioner
Shemoga District.

Sir

With reference to previous correspondence relating to Inam lands in Sagar Taluk ending with your docket No 1708 of 10th Feb 77 forwarding copy of the Survey Comr's No 93 of 22nd January 1877, I have the honor to forward for your information a Statement shewing the orders I have passed in each case and the grounds for each.

2. The only definite instructions I have had on the subject are that the Statements furnished by the Survey Supt are not to be followed & that they are to be treated as non existent.

3. In other Talukes where Sirkar and Inam land is included in one number in such a way that the extent of each is not defined the jodi if any of the Inam portion and the old beriz of the Sirkar portion are collected until final

final Separation and Settlement.
I have acted on this principle,
Carrying it out exactly where by the
inam beriz and the old accounts
the number is identifiable, and
applying it by analogy to a whole warg
or to all the wet land or garden
land (as the case may be) in a warg
where the accounts hereby shew so
much land (expressed in beriz)
Confirmed in the warg.
4. The amount settled for collection
then is (1) the quit rent fixed if any
(2) the old jamabandi if any that was
paid on account of the land in which
an inam is declared to exist.
5. Where the whole beriz of the
land entered in the old accounts
as in the warg of any person is confirmed
by the Inam Department, I have
entered all the land in that
man's Khata, as Inam and ordered
only the jodi (if any) to be Collected
even when the Survey Settlement
makes it morally certain that he
must be in the Enjoyment of much
more land than was accounted
for
6. In Short I have acted as
if the taluk had not been settled
at

at all with respect to those lands containing are at present undefined extent of Inam; Except that Local Funds and Irrigation cess will be Counted on the Survey assessment.

7. This seemed the only action open to me; but as the Statement enclosed will shew numerous instances in which the consequent loss of revenue is serious, and others where the Khatadar is kept out of a large prospective benefit due to the Survey Settlement, I trust that the final Settlement of these Inams will not be delayed. Two questions required to be settled at once; these are how to treat Cases where part of the land in which an Inam has been confirmed was thrown up at the time of the Settlement, and how to treat razinamas given in respect of such land from this time up to receipt of final Settlement.

8. The case of Kamur Sovarthangary Venkataramana Devaru No 114 in the list which accompanies this letter is an instance of the first all the land was thrown up at the Settlement

Settlement except two members assessed at Rupees 39 whether the Inam land has been relinquished or retained is impossible for me to say, and have no choice but to enter the whole of the remaining land as Inam, the relinquished land being assessed at about half as much again as the old Jamabandi on the whole holding.

9. There are two courses open, it seems, for the treatment of Rayanam as given in respect of a part of the land which is mixed Government and Inam up to the time of the final Settlement; either to refuse them altogether or, while accepting them, to deduct the Survey assessment of the relinquished portion from the payment made on account of the whole, in the way that is done in other Talukas when part of Village Umbli lands are resigned. Early orders are solicited on this point.

10. The orders now passed will have retrospective effect on payments for last year, since last

last years demand was settled on the basis of the Survey Superintendents lists, which have been recalled. I am therefore having a second Statement prepared to shew in detail the effect on last years jamabundi, ie payments to be refunded; demand still unsettled to be remitted, and Collections to be made. This requires to be verified as to collections by the amildar and it will therefore be sent hereafter and as soon as possible.

II. I have returned the Superintendent of Survey's lists to him as desired by the Survey Commissioner.

I have &c

No 2

(1)

Proceedings of the Commissioner Nagar Division

dated 25th April 1877 Shimoga,
Recd 27th

1 — Read letter No 1/7 dated 4th April 1877, from the Deputy Commissioner of the Shimoga District —

2 — The Deputy Commissioner submits for orders a Statement showing the manner in which Mr Cunningham has settled the amount of Government demand leviable on Mulnad Rungs in the Nagar Taluk, — comprising both Inam and Sirkar lands the relative situation and extent of which remain undefined.

3 — Under the Chief Commissioner's X Notification No 189 of the 23d October 1873, a course of procedure is laid down with regard to such mixed holdings in the Mulnad Talukas, when the Rungdar and Inamdar are different individuals, and the collection of Government dues is simplified. In the Statement now under observation, several cases of the above nature appear to have been included, as will be seen from the difference of names of Inamdar and Rungdar

X

Wungdar — Some of these cases are noted below by way of illustration — 2

No in the statement	Name of Inamdar	Name of Wungdar in whose Wung the Inam exists
7	Someswara Devaru	Roodraiah
22	Narsinha Devaru	Timmiah
36	Rameswara Devaru	Appunnabhatt
3	Vinaik Devaru	Chennabasaiah
5	Krishnabhutta	Saiahumma

4 — The Commissioner desires that the cases in which the Inamdar and Wungdar are different persons, should be separated from those in which the Inamdar and Wungdar is the same individual, in view to the former cases being dealt with under the Chief Commissioner's notification above quoted —

5 — Out of 120 holdings comprised in the statement, 5 are pure Inam Wung unmixed ~~in~~ with Sirkar lands, and need not therefore be shown in this statement, as no action is necessary regarding them —

6 — The nature of 3 cases viz No 55 — 116 & 117 cannot be made out, as No 55 has no remarks opposite to it, and the remarks entered against Nos 116 & 117 are not clear — An explanation of the nature of these cases should be given in English —

7 — The remaining 112 cases fall under

7 different heads, and the Commissioner reviews each of these classes of cases, as follows ——

8 — Class I — is composed of 2 Inam lands, comprised in a Ring which, in its entirety was sold by public auction in satisfaction of Government demand, and which was resumed by Government, owing to no bids having been offered — Mr Cunningham recommends that these Inams be struck off the Inam Register — The recommendation is approved, on the understanding that the holder of both the Inam and Sirkar land is one and the same person — The requisite alterations may be made in the Inam Register, under the ruling conveyed in the Chief Commissioner's Proceedings No 183 of 6th April 1877 ——

9 — Class II — includes 32 Inams, which though not mixed up with Sirkar lands, were subjected by the Survey Department in 1875-76, to additional assessment owing to the excess discovered during the survey operations — Mr Cunningham has remitted the extra assessment and retained only the amount of quitrent originally imposed by the Inam Department — The Commissioner approves of the course, and

and the arrangement should be considered as temporary pending final orders by the Inam Deptt regarding these excesses, as adverted to in Para 2 of the Inam Commissioner's letter No 93 of the 22d January 1877 to the address of the Deputy Commissioner —

10 — Class III — Comprises 3 Inams which though mixed up with Sirkar-lands are identifiable by their numbers and Beriz recorded in the old Chittas, for which Survey numbers and assessment have been substituted —— Mr Cunningham has rightly deducted the Inam Beriz out of the total Survey-assessment and treated the difference as demand on Government lands — In para 3 of his letter, the Deputy Commissioner remarks that he is unable to see why the Inam Department did not define these lands, if the old Chittas were reliable — The Commissioner requests that the Deputy Commissioner will enquire, if these Chittas were furnished by the Taluk authorities to the Inam Department at the time of its operations; and if not, they may, with ~~the~~ extracts from the Survey Register, be now forwarded to the Inam Supt in view to the requisite additions being made

(6) made in the Title deeds after verifying the identity of the Inam ——

11 —— Class IV — includes 17 Inams which were declared by the Inam Deptt to be one of the 3 descriptions viz wet, dry or garden and are comprised in the Sirkar Wing which is shown in the Survey accounts as containing all the 3 descriptions viz wet, dry & garden as illustrated in the Statement given below ——

Name of Inamdar	Name of Wingdar	Amount of old Jamabundy on the whole Wing prior to the introduction of the Survey Settlement	The description & amount of land, which the Inam Department declared the Inamdar entitled to	Survey classification and Berij of the Wing
Krishna Punda Saraswaty Dutt	Krishna Punda Saraswaty Dutt	Wet — Rs 20-1-7 Garden Rs 64-4-9	Garden Rs 14-2-11	Wet — Rs 50 — a — Garden Rs — 54 — a —

(A) Mr Cunningham has retained in the accounts the old Jamabundy amount on the garden land which is supposed to be mixed up with the Inam garden, and charged full Survey assessment on the wet since the Inamdar's right is limited to only one of the 3 descriptions of land, it may be safely concluded that the other

two

two descriptions of land ~~belong to~~ are pure Government Inams. Hence the course followed by Mr Cunningham is unobjectionable (vide) — The Commissioner wishes it to be explained, why the same principle was not applied to cases Nos 96-97- and 95 in which garden lands to which the Inamdars have no right have been omitted to be charged with full Survey rates —

(b.) It further appears from the statement that Mr Cunningham has exempted dry lands from the incidence of the Survey Assessment — When, for instance, the Inam Department acknowledges the right of an Inamdar to a wet land to the extent of Rupees 2, and the Inam in which the Inam is merged is declared by the Survey Dept to contain wet land, Rupees 4, and dry land Rupees 2, it appears clear that full survey assessment on dry land should be levied, retaining the old Jamabundy on the wet land, in accordance with the principle above indicated —— This point requires explanation ——

Para 12 — Class V — includes 55 Inams which, from their admixture with — Sirkar lands in a Mung cannot at all be identified, both lands being of one

~~Para 12~~ — Class V ~~includes 55 Inams~~

illustrated in the following statement

me of amdar	Name of Ryot	Amount of old Jamabundy on the Whole Ryot prior to the introduction of the Survey settlement	Description & amount of land which the Inam Dept declared the Inamdar entitled to	Survey classification and amount
rga Devy	Doorga Devy	Garden Rs 53-8 u	Garden Rs 18 4 9	Garden Rs 153-4 u

There ~~are~~ no means of ascertaining the proportionate increase of the Survey Rent to be distributed to the Inam and Sirkar land — Mr Cunningham has, under the circumstance, acted rightly in retaining the old Jamabundy on the Ryot, pending, of course, the final determination of the extent and boundaries of the Inam lands —

Para 13 — Class VI consists of 2 Inams the existence of which in any particular Ryot cannot definitely be ascertained, as the original Ryot in which it was included was, at the time of Survey Settlement broken into several independant numbers

numbers, some of which were resigned by the original Inamdar either to Govt or in favor of others to whose Inam the numbers thus resigned were added — The Commissioner concurs with Mr Cunningham in thinking that the only alternative ~~left~~ is to commute the land Inam into cash payment —

14 — Class VII — comprises 1 Inam in a Inam, the particulars of which are as follows —

Name of Inamdar	Name of Inamdar	Amount of old Jamabundy on the whole Inam, prior to the introduction of Survey Settlement	Description and amount of land, which, the Inam Department declared the Inamdar entitled to	Survey classification and amou
Kanoor Govindhana-giri Venkat Ramana Devaroo	Kanoor Govindhana-giri Venkat Ramana Devaroo	Wet Ac - 60-11-3 Garden Ac - 2-12-8 Total 63-7-11	Wet Ac - 15-2-4	Wet Ac — 13 Deduct land relin-quished } 9 Net amount

In connection with this case, Mr Cunningham rightly remarks in Para 8 of his letter that it is impossible to make out whether the Inam was thrown up when resigning 92½ Rupees land, or still remains in the retained portion of the Inam viz Rupees 39 — Mr Cunningham proposes to charge no assessment on the Inam, pending a reference

(9)

reference to be made to the Inam Department — ~~The peculiar feature of the case renders it difficult to arrive at any satisfactory appropriate decision~~ this Cases & Section on and ~~this case~~ raises a question as to how similar Razeenamahs which may be tendered hereafter for portions of Wings should be dealt with, until the final settlement of the Inams — Of the two courses suggested in para 9 of Mr Cunninghams letter, one viz — to refuse such Razinamahs altogether unless the whole Wing is resigned — appears to the Commissioner to be safer and less intricate than the other — But this is opposed to the fundamental principle of the Survey System, under which an occupant has every liberty to resign any portion of his holding provided that the portion forms an independent Survey number or numbers — The question is however one W. must be ~~requiring solution~~ decided by the Rev. Commr ~~by the higher authorities~~

15 — The Commissioner requests to be informed of the full particulars of the Items

Items "Inam Raza, and "Inam Rayat" ~~in columns~~ exhibited in columns 11 and 12 of Mr Cunningham's statement against cases Nos 66-67-83-104-and 88.—

16— The financial result of the settlement made by Mr Cunningham is a net decrease of Rupees 762-6-3-

17— To prevent delay in the preparation of the annual accounts for the past Official year which are already overdue, the Commissioner authorizes the Deputy Commissioner to give effect to Mr Cunningham's settlement, subject to any orders which may eventually be passed by the Chief Commissioner, before whom, ~~the Commissioner intends to lay~~ subject with a view the whole ~~matter~~, after receipt, from the Deputy Commissioner, of further report on the points noticed in paras 4-5-6-10-clause B & C. of para 11, & 15=

17— Ordered that a copy of these proceedings together with Mr Cunningham's settlement statement be forwarded to the Deputy Commissioner of the Shimoga District for information & guidance —

Sir,

With reference to your Proceedings No 2 of 25th April last, I have the honor to forward Copy of letter No 45 dated 11th ultimo from the Assistant Commissioner Sagar Sub Division, furnishing explanation on the several points adverted to in the Proceedings.

The revised Statements, as well as the one returned with your proceedings, are herewith submitted.

In Cases in which the Inam Beriz being less than the Jaree, the difference also is charged, for reasons stated in para 7 of Mr Cunninghams letter, further information as to the persons to whom the ready money grants are paid, was called for from the Amildar and is embodied in red ink in the column of remarks.

(1)

The Deputy Commissioner
Shimoga District

Sir

In reply to your docket No 172 dated 30th April 1877, the enclosures of which are herewith returned, I have the honor to forward two lists of the Sagar Taluk inams, one being of those in which the Khatedar is the inamdar, and the other of those in which the Khatedar and inamdar are different, I have also the honor to furnish replies to the several points noted in the Sagar Division Commrs proceedings enclosed.

2 I have been unable to pick out the 5 pure Inam wurgs alluded to, but not specified in para 5 of the Commrs proceedings; there are more than that number in which no payment of "~~Lachar~~ Sircar jinnabandy" on account of Government interniced land is made. The present lists therefore contain all the holdings that were in the previous list and for facility of reference I have placed red ink figures under the serial numbers in the present lists corresponding with the serial number of each wurg in the old list.

3 With reference to para 6 I have the honor to furnish the following explanations of the cases alluded to.

(a

(a) Of the 4 wargs shewn in case No 55 (No 44 of New list No 1) that which was entered as Sambhats had been transferred to Ward Bhat at the Survey settlement. all 4 wargs are now Ward Bhats. Inam beriz amounting to Rs 17.15.5 has been confirmed by the Inam department. In the old accounts of the 2 first wargs there is shewn inam beriz corresponding with this, while the 3rd & 4th wargs are purely Sarkar, but in the settlement made for 1875-76 based on the form sent to the taluk by the survey Superintendent land was assigned as inam out of the Sarkar wargs, all 4 wargs were entered in the list by the amildar in consequence, but it will be seen that I have settled the 3rd & 4th wargs as Sarkar and demanded Survey assessment from the lands comprising them; while the collections from the mixed wargs, the 1st and 2nd, are settled agreeably with the principles described in my letter No 178 of 15th ~~Dated~~ March

(b) Cases Nos 116 & 117 are somewhat intricate. The inam department confirmed two inams to Mahabaleshwar Devasthan in land, one is confirmed in Motankatte village to the extent of Rs 14-10-6 tari the other is in the Uralgal village, Rs 3.6.6 bogayet beriz on account of Gowardangeri cocoanut trees. The temple land formerly shewn in the accounts of Motankatte village was measured into Uralgal and is now accounted for in that village, where the wahe-watdar Yinnaya was in possession of half survey No 28 having an assessment of

of Rs 16/. This Stock to be the land in which the above recorded inam very was confirmed. The Gowardan-giri fort is measured as Kharab, and there is no land at all in Iralgal corresponding to that confirmed by the Inam Department. As however Rs 3. 8—. quit rent were fixed for the Motankatte inam (now situated in Iralgal) and Rupees 1-8—. quit rent for the Iralgal (Gowardangeri fort Cocoanut) inam I fixed the demand from the Wahivatdar on account of quit rent agreeably with these figures at Rs 5. Mean while however I found on examining the village accounts that one of the shares in No 28 of Iralgal having defaulted his share was put up to auction, no one bid and the other sharer declining to take it up the whole number becomes banjar, so that now there is no land at all left to the Devara either in Motankatte or Iralgal, and the temple will lose its inam altogether unless one or both be converted into cash grants. There are hardly any Cocoanut trees left in the Gowardangeri fort ~~Certainly~~ not enough to make it worth any ones while to pay Rs 1-8—. quit rent for them.

4 The two inams alluded to in para 8 of the proceedings (List No I Nos 51 and 52) have been struck off the Inam registers.

5. In the cases mentioned in para 10 the Inam Department have specified in the interim Quit rent registers the Maji numbers in which the inam confirmed is declared to exist. Title deeds are not yet issued.

6 The small sums for garden assessment in cases Nos 96. 97 & 105 were omitted because from their

their smallness I concluded that it was beyond a doubt that tari land of trifling extent had been turned into garden before the settlement but not brought to account; and I could not be sure that the tari land in which inam exists did not include those pieces. As to dry crop land, this was not assessed before the survey settlement, and I do not know whether in a mixed warg it, or any part of it, is to be included in the inam as finally fixed. Therefore I did not demand the assessment of dry crop land except in cases where the assessment is on a part of a number the other part of which is called on to pay Survey rates e.g: if the inam is in the tari and the warg contains garden - wet & dry land I have only demanded the assessment of the dry land that is situated in a number partly garden and partly dry.

7. The terms "Inam Waja and "Inam Naga-diyat" alluded to in para 15 signify that the beriz confirmed in land by the Inam department is less, by the sums placed opposite those remarks, than that shewn as jari in the old accounts either by the claim not being passed to the full amount, or to the inam being settled as a cash grant in which case the Government demand on the land increases by the amount of the beriz so commuted.

8. In reply to the 2nd para of your docket I have the honor to state that so far as I know the Inam department has not in any case settled the amount to be collected as Sarkar jummabundy. The amount of Rs 3-12-6 is the difference between the jari according to old

village

(3)

of Rs 16/. This Stock to be the land in which the above recorded inam bere was confirmed. The Gowardan-giri fort is measured as Kharab, and there is no land at all in Iralgal corresponding to that confirmed by the Inam Department. As however Rs 3. 8—. quit rent were fixed for the Motankatti inam (now situated in Iralgal) and Rupees 1-8—. quit rent for the Iralgal (Gowardangeri fort cocoanut) inam I fixed the demand from the Wahiwatdar on account of quit rent agreeably with these figures at Rs 5. Mean while however I found on examining the village accounts that one of the shares in No 28 of Iralgal having defaulted his share was put up to auction, no one bid and the other sharer declining to take it up the whole number becomes banjar; so that now there is no land at all left to the Devaru either in Motankatte or Iralgal, and the temple will lose its inam altogether unless one or both be converted into cash grants. There are hardly any Cocoanut trees left in the Gowardangeri fort ~~certainly~~ Certainly not enough to make it worth any ones while to pay Rs 1-8—. quit rent for them.

4 The two inams alluded to in para 8 of the proceedings (List No 1 Nos 51 and 52) have been struck off the Inam register.

5. In the cases mentioned in para 10 the Inam Department have specified in the interim quit rent registers the Inji numbers in which the inam confirmed is declared to exist. Title deeds are not yet issued.

para 11B

6 The small sums for garden assessment in cases Nos 96. 97 & 105 were omitted because from their

(5)

village accounts and the amount confirmed in land by the Inam department.

Inam beriz of Rs 3— 12-6 having been commuted to a cash grant the demand on the garden, which is aniseed Inam & Government and therefore collected according to former jummabandy, has been raised by that amount.

I have &c

signed W. J. Cuningham

No. 186 of 1878

From,

Colonel W. C. ANDERSON,

Survey and Settlement Commissioner Mysore.

To,

THE SECRETARY TO THE CHIEF COMMISSIONER,

for the Government of the Territories of His Highness

the Maharajah of Mysore.

Survey Commissioner's Office

Poona 20th February 1878

Sir,

With reference to Chief Commissioner's No. 9794/215 of the 9th instant I have the honor to forward the opinion called for.—

2 In the first place I will state that final orders having been received on the subject of the mode of dealing with the Enams in the Mulnad I at once directed the Superintendent of Survey to prepare and forward the

x Papers appended thereto are herewith returned.

+ Chief Commissioner's No. 8650/196 of 8th January 1878

the necessary papers defining which lands were in future to be Enam and which to be Government. These papers should reach the District authorities at a very early date and with their receipt all difficulty in connection with these Enams should pass away and the Jumabundee* of the current year 1877/8 be adjusted without difficulty.—

3 From Para 6 of the letter of Mr Cunningham the Assistant Commissioner Sagar Subdivision No 178 of the 23rd March last it appears that he treated those lands which comprised

* The jamabandi for 1877-78 will be over by the end of March. It is doubtful whether the final settlement of the Malicad inams will be over in such a short period.

3 comprised Enam and Government lands as though the Talooka had not been settled. I think that on the whole this was the best course open to him and that his proceedings should receive sanction.—

may be sanctioned
GW
J Carnac

4 In reference to the case of resignations of land alluded to in Para 4 of the letter of the Commissioner Nagar Division It appears to me that in the case of those mixed Wurgs in which as stated in the above Para, the Jumabundee was made on the old assessment, there will be no hardship whatever in not allowing resignations of

This tallies with the Com^rs recommendation and may be approved
GW
Approved

a

a portion of a Wirg until the Survey assessment is introduced into it. The Wirgdar is thereby in no worise position than he was before:—

5. With reference to Para 5 of the Commissioner's letter I have reason to believe that there are some cases in which Enams have been confirmed as land Enams in which the Enamdar and Wirgdar are different persons. The Deputy Commissioner should on receipt of the conversion lists from the Survey Department eliminate such cases and treat them entirely as Government land

referring

referring the case to the Enam Department to be dealt with as a cash Enam as proposed by the Commissioner Nagar Division.

I am aware that Mr Cunningham has had much trouble with these cases, which was from the unsettled state of the question till recently unavoidable, all difficulty for the future will however now be removed as if not already supplied to the Deputy Commissioner of the Shimoga District I will see that the necessary statements are supplied to him without any delay and should any doubt or difficulty occur in any exceptional cases.

I

5

6

Before this may be done, but it seems well to ascertain on what grounds the Enam Commissioner confirmed these names in land

Because Enam-dar was said to be also Wag-dar.

yrs
1-5-78

I hope to be able to remove it 6
in personal communication with
him.

Your obedient Servant

A. Harrison
